-

> PROFESSIONAL EXPERIENCE

Frontend Software Engineer | ETAP Digital Limited | Lagos, NG

April 2022 - Present

- Lead and contributed to frontend projects, including the official website and mobile app, ensuring modular, reusable, and responsive components using React and TypeScript.
- Collaborated with product designers to prioritize user experience, resulting in optimal UI/UX design.
- Implemented Agile methodologies, optimizing development time and completing 100+ tasks.
- Demonstrated self-organization and commitment to quality by thoroughly testing builds before QA.

Frontend Software Engineer | VeendHQ | Lagos, NG

July 2021 - August 2022

- Spearheaded frontend projects, delivering optimized UI components using React and TypeScript.
- Worked closely with product designers to prioritize user experience and design flowcharts and wireframes.
- Led Agile development methodology to help manage tasks efficiently.

Frontend Software Engineer | Enye Cohort 5 | Lagos, NG

February 2021 - May 2021

- Led an Agile team in developing a fully functional MVP for Stokkpile using React Native and TypeScript.
- Optimized development time by 65% through modular, reusable components and high fidelity UI mockups.
- Facilitated Agile development and ensured client satisfaction.

Frontend Software Engineer | HNG i7 | Lagos, NG

June 2020 - August 2020

- Led a team in implementing the technical requirements of CustomerPayMe using HTML5, JavaScript, and CSS3.
 - Generated revenue by developing responsive UI themes.
 - Delegated and solved 50+ tasks, meeting client requirements.
-

> EDUCATION

University of Lagos, BSc. Geography and Planning

November 2018

> RECENT PROJECTS

Frontend Software Engineer | Grapeassignments | React Native | Utah, USA

July 2023

- Optimized React Native UI components for improved user experience.
